REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Independent claims 1, 10, and 15 among other things teach the limitation "a component information storage server storing component information on all hardware and firmware constituting a product, control information for controlling at least a hardware state of a host and setting information for setting the hardware state, and connected to the Internet; a first client connected to a service processor connected to said host and said Internet, having at least a maintenance service function, as a console function for said service processor, based on said control information and said setting information, and drawing said component information, said control and said setting information through a browser; with a second client connected to the Internet and having a browser, wherein the first and the second client are configured to receive the component information from the component information storage server, the first and the second client are configured to execute control relating to said service processor through said browser, thereby setting and controlling the hardware state of said host based on said control information and said setting information,

said component information, said control information, and said setting information are described in XML and said browser supports XML, and the first and second client are configured to execute control over information on said service processor using XML including a tag for defining a type of information on hardware of said host by document type definition (DTD), the type of information being binary" in a service processor control system environment further defining with the combination with the dependent claims 6-9, 14, 16.

The prior art does not teach the cited limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
